

FILIPINO COMMUNITY CLUB SALALAH SULTANATE OF OMAN

REGISTERED AND DULY RECOGNIZED BY THE PHILIPPINE EMBASSY

A Message from the Treasurer

"Leadership is not a matter of influencing people and making friends...but a matter of making each member in the organization turning its visions and very purpose of the organization to reality..."

My warmest gratitude for the trust and confidence to my fellow FCCS colleagues....

It is a great honor to form part of a very promising organization.Indeed, Getting involved in the community is the greatest part on our existence with aims of living for the benefit of others not only for oneself.

It is every organization's ideal to be one with par excellence, but this could not be attained without each members hand to lay the cards and ace it. Our visions of a functional organization would be if we all work it out together in unity and transparency.

To us officers, this is a challenge to work twice on every objective as setforth on our responsibilities as leaders and members as well. Let there be no reborn to happen again but an upliftment of FCCS. This time would mean direction for the org. and determination in each of us.

Be it that FCCS be one of the most recognized organization not only here in Salalah, not only today but all throughout...

Kodus to FCCS!!!
